ISLAND LIFE SHORTS

Eco-friendly grocery shopping's in the bag

Advertiser Staff and News Services

Go green with a Green Sak (\$2.50), made from nonwoven polypropylene. This helps reduce the number of plastic bags in the landfill and in the ocean. Plus, proceeds go to the nonprofit Beach Environmental Awareness Campaign Hawai'i, which funds beach cleanups, litter prevention campaigns and environmental education.

Green Saks can be found at Kale's Natural Foods in the Hawaii Kai Shopping Center. Information: 393-2168.
