

The University of Hawai'i Sea Grant College's Hanauma Bay Education Program & the Beach Environmental Awareness Campaign Hawai'i presents

Thursdays at the Bay

Films: "Hawai'i - Message in the Waves" & "The Synthetic Sea Story"

"Hawai'i - Message in the Waves" is a BBC Natural History Unit documentary that explores the dangers of plastic debris in the marine environment and the threat to marine animals and birds in Hawai'i.

"The Synthetic Sea Story" is a documentary produced by the Algalita Marine Research Foundation (AMRF) about the threat of plastic debris in the ocean and impact on marine life. The film follows AMRF to the North Pacific Sub-tropical Gyre, Hawai'i and California as they sample and study plastic debris in the ocean and on beaches.
